

Mrs. Robinson's

Grade 5

Welcome to Grade Five at Sacred Heart School.

This is a big year for us and we have so much to learn. Our class has completed a science project on Sea Life and we paid a visit to the Mystic Aquarium to finalize our project. Everyone had a great time!

In Social Studies, we learned all about the First Thanksgiving and invited all the classes in to hear the story and see our display. It was a great success and we all had the chance to tell the story.

In March, we will be doing the Rooster Games with the 5th Grade at St. Margaret's School and we are currently working on reading all the books we need for the games.

Math class is moving along nicely. We are working on Fractions and Problem solving strategies.

Some reminder for parents:

Your child will have homework every day except Fridays. Please be sure to ask to see the homework assignment each day.

I am asking that you check your Child's homework agenda every night and be sure to sign it. It is important that we keep in close contact with each other. If you have any questions please feel free to write a note in the agenda. I do check them every day and I will always try to respond the same day.
