

Kindergarten

Come in, salute the flag, sing and pray.
After Attendance, we'll look at our Calendar Day.
We'll learn about each other and Jesus, our friend.
We'll read, write and count before the days' end.

Sometimes in small groups, sometimes together,
We'll work at our tables or go out in good weather.
We form our letters with care and figure additions,
But stories and songs are our favorite traditions!

Writing words on the board is a special treat,
But we really liked baking those cookies to eat!
In science, we'll check out what our pet ants ate.
Then we'll go to Computer, which we think is great!

Markers, sparkles, scissors, paint, paste, and clay
help us craftily celebrate each holiday.
In gym we find out that there's a lot we can do.
We hope you'll come and discover that too!

We are lively, unique and often quite funny
But we're learning to focus whether it rains or is sunny.
Once the center of our world, we're learning to blend
To work, play and study with family and friend.

If you respect others and think learning is cool,
Why don't you join us at Sacred Heart School?
