

## Library

The Library is an open book.

With about 3,400 titles, many published in this century, there are plenty of quality fiction and picture books for leisure reading, K-Gr. 5.

Students can also research History, Biography, Geography, Science and Social issues with many recent Non Fiction titles.

Donations of books, usually in memory of a loved one, have been added to the collection and are ready to be checked out.

Rooster Games-Fifth graders (+ Mrs. Peck) are reading at least 8 of 20 books nominated for the Rhode Island children's Book Award. In spring of 2008, St. Margaret's fifth graders will come to Sacred Heart for friendly challenges based on those books.

Last years Grade 5 did a great job in the Rooster Games, so we're hoping for the same...or better this year.
